c. Motion to Accept the Colerain Ave. Corridor Study

Mr. Milz said he is happy to hear the Auto Dealers Assoc. suggested approval. This study is the first step in a long process for improvements needed to Colerain Avenue. He said that by accepting, it doesn't mean we will implement all of the ideas immediately. This is a menu of options for the future. He recommend acceptance of the Colerain Ave. Corridor Study.

Matt Wahlert made such motion and Raj Rajagopal offered the second.

Mr. Rajagopal said he met with business owners and a lot of people still have a problem with the study.

Mr. Howard said they understand the Board needs to do something with the report. He again suggested a stakeholder committee to go over the recommendations. He said they work with us to make the plan work.

Mr. Rajagopal said we accept the study, but it's not a final draft.

Mr. Milz said it's a final draft.

Mr. Raj asked about changes. He said there is an island in front of Grippo's. Mr. Milz said there is not.

Mr. Unger said he'd never allow anything that would restrict truck access.

Mr. Barbieri said the Board is being asked to accept the report, then there will be more work to be done before recommendations are implemented.

Mr. Milz said the islands will only be used where they do not restrict movement and said Grippo's has full access. He said to boil the study down to median U-turns does a dis-service to the community.

Mr. Rajagopal said this is an ODOT road and asked if they had input.
Mr. Milz said the study was submitted to them, but they didn't provide comment.
Mr. Unger said this is an outside look, from an outside party, to take an objective look. He discussed the brochure mailed to business owners from Government Strategies, which he said doesn't mention how many people avoid Colerain Ave. or how many man hours are lost sitting in traffic. He said we need stamped engineer drawings to take an objective look. This brochure is politics, with the notable of omission of facts. He said he is prepared to accept the study.
Mr. Milz said we've already seen one result of the study, in the \$750,000 grant from OKI for sidewalks.
Mr. Wahlert said to accept study, agencies want to see skin in the game.
Mr. Raj said he can support it if we continue to engage business owners.
Mr. Milz said we will continue engagement, because that's what we do.
The roll was called:
Yes - Raj Rajagopal, Dan Unger, Matt Wahlert
No - None

Mr. Rajagopal said he did a great job and he is looking forward to working together.
Mr. Unger offered his thanks for working on this.

The roll was called:

Yes - Raj Rajagopal, Dan Unger, Matt Wahlert
No - None

b. Motion to Adopt 2020 Strategic Plan and Budget Book

Mr. Milz said it seems to be a sticking point to have the communications person added to organizational chart. He suggested the Board amend the motion to adopt the 2020 strategic plan and budget book to remove this recommendation.
Dan Unger made such motion and Raj Rajagopal offered the second.

Mr. Wahlert spoke about the \$150,000 for beautification and would like to set that aside until we figure out where we're going with that.

Mr. Milz said that was in the temporary appropriations. As we get closer to the final appropriations, we can remove things.

Mr. Wahlert asked about the additional staff.

Mr. Milz said the staff is in parks and a receptionist. We have four in parks, but even with seasonal help, it's nearly impossible to keep up. An additional maintenance worker is critical for operations.

Mr. Wahlert said he would like to remove the parks employee, until he can take a deeper look.

Dan Unger made a motion to amend the motion on adoption of the strategic plan and budget book, to remove the communications and parks positions. Raj Rajagopal offered the second. No discussion and the roll was called:

Yes - Raj Rajagopal, Dan Unger, Matt Wahlert

c. Resolution Adopting Organizational Chart and Job Descriptions

Mr. Milz recommended adoption of Resolution 05-20, "RESOLUTION ADOPTING ORGANIZATIONAL CHART AND JOB DESCRIPTIONS," which establishes a Table of Organization, Position Roster, and Job Descriptions for the Township.

Matt Wahlert made a motion to amend to remove the parks and communications positions and Dan Unger offered the second.

Mr. Unger said we can talk about this next month. He suggested Mr. Milz work with Waycross to help with communications as they are already filming meetings, etc., so they have a lot of the work done. He said this is funded by money from the cable franchise fees.

The roll was called:

Yes - Raj Rajagopal, Dan Unger, Matt Wahlert

No - None

Matt Wahlert made a motion to adopt the resolution as amended and Raj Rajagopal offered the second. No discussion and the roll was called:

13. Consent Items

Mr. Milz suggested the Board remove the hiring of the finance specialist from this section. He said that while the candidate tentatively accepted the position, over the weekend some points came up which require further negotiation.

Matt Wahlert made a motion to remove the item and Raj Rajagopal offered the second. No discussion and the roll was called:

Yes - Raj Rajagopal, Dan Unger, Matt Wahlert
No - None

Mr. Milz recommended approval of the remaining items.

Dan Unger made such motion and Raj Rajagopal offered the second.

Mr. Rajagopal asked about the hiring of the four police officers.

Mr. Milz said this is filling vacancies.

Mr. Rajagopal asked about the salaries.

Mr. Milz said these are lateral hires, so they come in higher than step 1

The roll was called:

Yes - Raj Rajagopal, Dan Unger, Matt Wahlert
No - None
